ATTACHMENT A

We have been advised of a change in the production dates for our affected packings manufactured in Richmond. The original notification indicated only cases bearing date codes from 5/17 through 5/22 were affected. It now appears that Richmond production during the 5/13 through 5/16 period could also be involved. Therefore, public warehouses will need to be re-visited **immediately** to check for those brands subject to recall made in Richmond and bearing date codes from 5/13 through 5/22/95.
